

ATTENTION VETERANS

A Few years ago a hand full of veterans (men and Women) got together to reform the old Pontiac Veterans Group. Our main objective is to recognize all veterans (living or deceased), through commemorative programs and actions, who have served their country with dignity, honor and pride under all circumstances and situations. Pontiac itself has a proud military history. It's citizens have answered our country's call to serve in times of peace as well as in every conflict since the Civil War. Many veterans, their families and friends, still reside in this area. Many of them paid the ultimate price in fulfilling their duties.

The Pontiac Veterans Group in conjunction with the Mayors Office are looking for persons who served in the Armed Forces of the United States (or its allies) whose home of record was Pontiac, Michigan. We are in the planning stage of erecting a monument in honor of these veterans from the Spanish American War to the Present Day Veteran. If you are one of these veterans, a relative or friend, please fill in the form below and return it to the address noted. Also include a copy of the veteran's discharge papers or any proof of service. Copies can be obtained from the County Clerk's Office. Only relatives may obtain them.
